### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

References Satoh et al (6,661,594), Kurokami et al (5,791,597), Kim (5,654,765), Tjahjadi et al (5,018,166), and Milton (3,659,229) are cited because they are pertinent to the method and apparatus for updating the coefficients of the equalizer using the stored coefficients in the register. However, none of the cited references teaches or suggests, in combination, the arrangements of a digital filter comprising a first register and second register, an equalizer and a tap-shifting circuit operative for analyzing updated set of filter coefficients so as to identify the most significant coefficients, and for shifting the location of the coefficients such that said most significant coefficients are located substantially in the center of said second register when said updated set of filter coefficients are placed in said second register in order to form an apparatus for providing adaptive equalization of a receiver channel of a satellite terminal of a satellite communication system as recited in claims 1 and 15 and the corresponding method steps of the method claim 8 and further limitations of their respective dependent claims 2-7 and 9-14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Applicant is respectfully requested to submit a copy of the combined Declaration for Patent Application and Power of Attorney as specified in the letter submitted on 3/19/2002 because the papers are missing from the file. The misplacement of the documents is regretted.
